Material Safety Data Sheet
VECTOBAR™

Manufacturer's Name : AGRI LIFE
Manufacturer's Address : 1 54/A5-1, SVCIE, IDA Bollaram 502 325, INDIA
Tel: +91 279905
Fax: +91 8458 279904
E-mail: agrilife@agrilife.in

1. Product Information

Product Name : VECTOBAR™
Product Code : VECTOBAR™
Family / Group : Microbial BioLarvicide
Chemical Formula : Mixture
Other Designations : Aqua based formulation containing Bacillus thuringiensis var Israelensis

2. Composition/Information on Ingredients

<table>
<thead>

Ingredients not precisely identified are proprietary and/or non-hazardous.

3. Hazards Identification

Emergency Overview
The product is an almost colourless liquid with a characteristic fermentation odour which is intended to be used for plant protection. Organisms used are non-pathogenic, but can cause infection when in contact with open wounds. These organisms are susceptible to many commonly used antibiotics. There is no specific antidote for any form of irritation observed. Treat symptomatically. Immediately seek medical attention.
Potential Health Effects:

Routes(s) of Entry: Eye, Skin, Oral, Inhalation

Human effects and symptoms of exposure:
- Acute eye contact: Causes irritation
- Chronic eye contact: Chronic exposure is not likely from normal use
- Acute skin contact: May cause irritation
- Chronic ingestion: Chronic exposure is not likely from normal use

Medical conditions generally aggravated by exposure: Not known

4. First Aid Measures

If poisoning is suspected, consult a physician immediately/visit the nearest hospital/nearest Poison control centre. The concerned examiner should be informed the complete product name and details and amount of exposure. Describe the symptoms and follow the advice given.

First Aid for Eyes
Immediately flush eyes with water for 20 minutes. Hold the eye lids apart to rinse the entire surface of eyes and lids. No medicating agents should be applied except on the advice of physician.

First Aid for Skin
Wash skin with soap and water, including hair and under fingernails. No medicating agents should be applied except on the advice of physician. Remove contaminated clothing and footwear.

First Aid for Inhalation
Move victim from contaminated area to fresh air. Apply artificial respiration, if necessary.

First Aid for Ingestion
The product is not harmful if ingested. If any irritation is observed give plenty of water to drink and consult a physician.
5. Fire fighting measures

Flash Point: Not applicable
Flammability Limits: Not flammable
Autoignition temp: Not applicable
Fire Extinguishing Media: Water spray, carbon dioxide, dry chemical, foam

Special Fire-Fighting Information: Wear full protective clothing and self contained breathing apparatus. Evacuate non essential personnel from the area to prevent human exposure to fire, smoke, fumes or products of combustion. Use of contaminated buildings, area and equipment has to be avoided until decontaminated.

Unusual Fire and Explosion Hazards: None

6. Accidental Release Measures

Safety gear: Wear chemical safety glasses with side shields or chemical proof goggles, rubber gloves, rubber boots, long sleeved shirt, long pants, head cap, NIOSH approved dust or pesticide respirator with a dust filter.

Spills: Sweep the area and place an approved chemical container. Wash the spill area with water containing a strong detergent, absorb with absorbent material. Seal the container and handle in an approved manner.

7. Handling and Storage

Storage Temperature: Room temperature (Not more than 40 degree Celsius)

Storage requirements: Store the material in a well ventilated, clean, cool and dry place out of reach of children and domestic animals. Keep away from direct sunlight. Keep containers tightly closed when not in use. Do not store in metallic containers. Do not store along with chemical pesticides

Shelf Life: Use before expiry date printed on label

Special sensitivity: None

Handling precautions: Follow normal hygienic and housekeeping standards for agricultural products.

8. Exposure Controls/ Personal Protection

Oral Protection Requirements    : Avoid eating, drinking, tobacco usage and cosmetic application in areas where there is a potential for exposure to the material. Always wash thoroughly after handling the product.

Eye protection equipments    : To avoid eye contact, wear safety goggles.

Skin protection requirements    : To avoid skin contact, wear rubber gloves, rubber boots, long-sleeved shirt, long pants, head cap.

Respiratory / Ventilation requirements    : To avoid breathing dust/drift, use adequate ventilation and wear a NIOSH-approved dust or pesticide respirator with a dust filter.

9. Physical and Chemical Properties

- Physical State            : Liquid
- Colour      : Almost colourless
- Specific Gravity          : Specified in Certificate of analysis
- Bulk density          : Not applicable
- Odour      : Characteristic fermentation odour
- Miscibility           : Soluble in water
- pH           : Specified in Certificate of analysis
- Stability           : Stable at normal storage conditions
- Corrosion          : Nil
- Flash point           : Not applicable
- % Volatile volume       : Not determined
- Vapour pressure        : Not determined
- Vapour density           : Not determined
- Melting Point  : Not determined
- Boiling Point  : Not determined
- Freezing Point  : Not determined
- Evaporation Rate    : Not determined

10. Stability and Reactivity

- Stability: Product is stable.
- **Hazardous Polymerization:** Will not occur.
- **Hazardous Decomposition Products:** None
- **Decomposition:** Easily bio-degradable
- **Incompatibility:** Strong acids or alkali compounds may inactivate biological cultures as well as strong oxidising agents, disinfectants and biocides. Chemical pesticides will inactivate the active ingredient completely.
- **Conditions to Avoid:** Heat, flames, ignition sources and incompatibles. Excessive temperature variations, below 0°C or above 40 °C.

11. Toxicological Information

A Note

Prolonged contact with eyes, skin and respiratory tract may cause irritation. The product is formulated using microbe specially selected from the natural environment and that are known to be nonpathogenic to humans, animals or plants. It is advised to cover open wounds when in use.

12. Ecological Information

- Totally bio-degradable in nature
- Accumulation: Not anticipated to bioaccumulate.
- Do not apply on water bodies as it maybe toxic to aquatic life.
- The product contains non-pathogenic, non-hazardous and non-toxic, naturally occurring constituents.
- Other adverse effects: There is no ozone depletion, photochemical ozone creation or global warming potential.

13. Disposal Considerations

Do not reuse product packing materials and residues. Dispose the product packing materials and residues according to local state and federal health and environmental regulations.
Destroy used containers and bury them 18 inches below the soil in non-crop land away from habitation and underground water course.

Dispose empty containers surplus material and washings from spray equipments in a safe manner so as to prevent environmental or water pollution, or contamination of food and animal feed.

Never use the empty containers for storing food or water.

14. Transportation Information

- Transportation Data: The product is not regarded as hazardous material for all modes of transportation
- Hazard Class: Not applicable
- ID NO: Not applicable

15. Regulatory Information

TSCA: Not applicable
CERCLA Reportable Quantity: Not applicable
SARA TITLE III Section 313: Not applicable
OSHA Hazard Classification: Not applicable
WHMIS/ Controlled products regulation: Not applicable.
Clean Air Act: This formula does not contain any hazardous air pollutants
Clean Water Act: None of the chemicals in this product are listed as hazardous, toxic or priority pollutants.
State Right-to-Know Lists: Not applicable
Exposure Limits: Not applicable

16. Other Information

Agri Life provides the information contained herein in good faith, in compliance with the Occupational Safety and Health Act of 1970. To the best of our knowledge, the information contained herein is accurate. However Agri Life does not assume any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All material may present unknown health hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards, which exist.

This product is for agricultural use only.
